

CHUS ARIAS

is a physician, acupuncturist and kinesiologist. She has also studied anthroposophic medicine. As a student and practitioner of non-conventional medicine, she has spent the last 32 years training and evolving towards a practice of medicine that is compatible with an integrated view of the human being.

She graduated in medicine in 1983 and moved to South Africa where she worked and studied for 15 years. Always seeking a different understanding of the healing process, she delved into the relationship between self-knowledge and healing. In 1996, she encountered Jin Shin Jyutsu in response to this search.

Since then, she has integrated Jin Shin Jyutsu into her medical practice and taught self-help. In 2013, she completed her instructor training and joined the faculty of Jin Shin Jyutsu.

She lives and works in Madrid.

THE COSMIC MIND, THE ENERGETIC MIND, THE BRAIN AND THE NERVOUS SYSTEM. JIN SHIN JYUTSU IN TIMES OF PSYCHOLOGICAL SUFFERING.

The brain is a controlling body organ that controls all vital human functions.

The mind permeates every cell of our human body and it has a relationship with «non-human cells» present in our body.

The bacteria living in the gut, now called the «2nd brain».

We often use the two terms, mind and brain, with the same meaning, but they are not the same thing.

The mind dominates the brain.

In this Special Topic Class, we will explore with simplicity the functions of the brain and the nervous system, and the relationship of Jin Shin Jyutsu to brain and mind.

(We will also bring awareness and understanding to the mental projects according to the Art of Jin Shin Jyutsu.)

«The mind is the source of bondage or liberation, of sorrow or joy. »
